

Chicago Campus Construction Work

Construction work on the bridge between the Simpson-Querrey and Searle buildings is scheduled for **Thursday, February 1 through Wednesday, February 21**. Some of the work could result in excessive noise within Galter Health Sciences Library & Learning Center and in particular, within the Learning Resources Center (LRC) on the southeast corner of the Searle building. There is **increased potential for noise February 5-7**, with the removal of the sidewalk adjacent to the LRC. We apologize for any inconvenience or disruption as a result of this construction work and appreciate your understanding.

If you have any questions, please contact Deputy Director, Mark Berendsen at 312-503-1916 or mberendsen@northwestern.edu.
