

Curriculum Support

Librarians can work with faculty and students to integrate information management skills into courses and workflows.

For **students**, we can provide:

- Literature search assistance for Area of Scholarly Concentration projects, capstones, and theses
- EndNote training
- Systematic review support
- General reference and search assistance

For **faculty**, we can provide:

- Hands-on sessions
- Demonstrations in the classroom
- Training in library resources such as literature databases and educational software
- EBM search skills training
- Flexibility - we will work with your schedule

Contact the liaison librarian for your program to get started.
